#### **Safety Precautions**

AWARNING Indicates a potentially hazardous studios which, if not avoided, studios which if not avoided, could result in death or serious

Follow these guidelines to avoid the risk of fire, burns, injury, electric shocks, rupture, overheating, abnormal odours or smoke.

 Always use the specified voltage and the suggested AC adapter (AD-24ES/AD-24ESA/AD-24ESAW/AD-24ESA-01/AD-24ESAW-01) for the label maker to prevent 24ESA/AD-Z4ESA/VID-Z4ESA/V

Do not overload the power cord.

Do not overload the power cord.

Do not overload the power cord.

Do not place heavy objects on, or damage the power cord or plug. Do not forcibly bend or pull the power cord. Always hold the AC adapter when disconnecting from the power cord. Make sure that the plug is fully inserted to the power outlet. Do not use an outlet that

is louse.

Do not allow the label maker/AC adapter/power plug/batteries to get wet, for example, by handling them with wet hands or spilling beverages on to them.

Since loss of eyesight may result when leaked fluid from batteries gets into your eyes, immediately rinse your eyes with a large amount of clean water, and then seek

Do not disassemble or modify the label maker/AC adapter/batteries

Do not disassemble or modify the label maker/AC adapter/batteries.
Do not allow a metal object to contact both the plus and minus ends of a battery.
Do not use sharp objects, such as tweezers or a metallic pen, to change the batteries.
Do not throw the batteries into fire or expose to heat.
Disconnect the AC adapter and remove batteries immediately and stop using the label maker if you notice abnormal odor, heat, discoloration, deformation or anything unusual while using or storing it.
Do not use a damaged or leaking battery as the fluid may get on your hands.
Do not use a deformed or leaking battery or one whose label is damaged. There is a possibility of generatine heat.

When replacing batteries or tape

cassettes, make sure the power is

Ni-MH batteries, not included.

actual label when printed.

pressing  $\longrightarrow$  2 $^{\circ}$ .

# [Full] / [Half] / [Narrow] Use one of these options to customize margin

length before and after your text. The printed dots (:) indicate the end of the label. Cut along the printed dots (:) with

NOTE

To print more than 1 copy of a label with minimum margin, set the margin to [Narrow].

[Chain Print] (tape-saving option) Use this option to print multiple different labels with narrow margins. This option saves tape. 1. Enter your text.

2. Press (Print). [Copies:] appears on the LCD. 3. Press the number keys to enter the number of copies you want of this text. **4.** Press to start printing.

6. Clear the text, enter the text you want on

5. When [OK to Feed?] appears on the LCD, press Esc to change the text.

the next label, and then press (Print) 7. After your last label prints, when [OK to Feed?] appears on the LCD, press ok .

● NOTE

• When you use [Chain Print], feed the tape before using the cutter ( shift + ( ),

otherwise part of the text may be cut off. Do not pull the tape, as this may damage the Tape

#### Saving Label Files

You can save and reuse the text and settings for up to 20 different labels. Each label holds up to 80 characters (including spaces). Assign a number (1-30) to each saved file so you can reuse it, and edit or overwrite stored files as needed.

► Saving a new file

► Opening a saved file

[Copies:] ( / ) 1 ! - 9 ( → OK

● NOTE When saving a file, if you reuse a number that is already assigned to another file, [Overwrite?] appears on the LCD. To overwrite the previously saved file, press . To cancel without saving, press Esc .

# **3 USING TEMPLATES**

#### Name Label

Use Name Label templates to polish the look of your labels using one of our predesigned formats Refer to the **Name Label Templates** table in this

Ex: Bill Anderson

Meru →    Name Label   OK →
(Select layout) → ✓ / ✓
■ Bill Anderson OK → Text 1
Enter text: Bill Anderson
Text 2 → Enter text: ABC
Company, Inc. OK → Lotel Length → ✓ /
$\rightarrow$ [Auto/1.2" - 7.8" (30 -200mm)]
ok → [Print] ok

## Deco Mode

Use Deco Mode templates to add visual texture to your labels. Refer to the **Deco Mode Formats** table in this guide.

Ex: ABCOEF ABCO

 Depending on the format you have selected, the entire contents of your text may not be printed. For example, if you selected a fixed Label Length and the text is too long, an error message [Text

· Templates cannot be edited.

• Only the highlighted symbols , shaded in the Basic Symbols / Pictograph Symbols table in this guide, can be used in Deco Mode.

• To clear all text, press 🌣 and 📵. When [Clear?] appears, press ok to clear. Press Esc to cancel.

 When you access templates, your most recent label created with a template opens automatically.

• Press Esc to return to the previous step.

tape cassettes

#### Resetting the P-touch

Reset your label maker when you want to initialize the settings, or in the event it is not working properly. Resetting clears all the text, settings, and stored files.

- 1 Turn off the label maker, hold down *shift* and R, and then press **to turn the** label maker back on.
- 2 First release the power button, and then release from and R.

  The label maker turns on with its internal memory reset.

If you have questions or need information about your Brother product, please visit us online or call

For FAQs, Troubleshooting, and to download software and manuals, visit support.brother.com.

To order supplies and accessories, visit www.brothermall.com or call 1-877-552-6255.

For USA Customer Service, call 1-877-BROTHER (1-877-276-8437) Fax: 1-901-379-1210

#### **A** CAUTION

USING A COMBINATION OF DIFFERENT BATTERIES (SUCH AS ALKALINE WITH NI-MH), MAY RESULT IN AN EXPLOSION. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

● NOTI

- Remove the batteries if you do not intend to use the label maker for an extended period of time.
- Dispose of batteries at an appropriate collection point, not in the general waste stream. Be sure to observe all applicable
- federal, state, and local regulations.
  When storing or discarding a battery, wrap it with cellophane tape to prevent it from short-circuiting. (see illustration)
- 1. Cellophane tape
- Alkaline or Ni-MH battery

Do not mix old and new batteries. Replace all six batteries at the same time.
