IMPORTANT SAFEGUARDS

PREVENT INJURIES! CAREFULLY READ ALL INSTRUCTIONS BEFORE USE!

When using electrical appliances, always follow these basic safety precautions.

- **1.** Read all instructions carefully to prevent injuries.
- 2. This appliance is **NOT INTENDED** for use by persons with reduced physical, sensory, or mental capabilities or a lack of experience and knowledge unless they are under the supervision of a responsible person or have been given proper instruction in using the appliance. **DO NOT** leave unattended with children or pets. **KEEP** this appliance and cord away from children. Anyone who has not fully read and understood all operating and safety instructions contained in this manual is not qualified to operate or clean this appliance.
- 3. ALWAYS place the appliance on a flat, heat-resistant surface. Intended for countertop use only. **DO NOT** operate on unstable surface. **DO NOT** place on or near a hot gas or electric burner or in a heated oven. DO NOT operate the appliance in an enclosed space or under hanging cabinets. Proper space and ventilation is needed to prevent property damage that may be caused by steam released during operation. Never operate the appliance near any flammable materials, such as dish towels, paper towels, curtains, or paper plates. DO NOT let the cord hang over the edge of the table or counter or touch hot surfaces.
- 4. CAUTION HOT SURFACES: This appliance generates extreme heat and steam during use. Proper precautions must be taken to prevent the risk of personal injury, fires, and damage to property.
- 5. **DO NOT** use this appliance for anything other than its intended use.
- **WARNING:** To reduce risk of electric shock, cook only 6. using the removable containers trays, racks, etc. provided. a) Do not touch hot surfaces. Use handles or knobs. b) To disconnect, turn the timer to off, then remove plug from wall outlet.

c) A fire may occur if the appliance is covered or touching flammable material, including curtains, draperies, walls, and the like when in operation. Do not store any item on top of the appliance when in operation.

- 7. The use of accessory attachments NOT RECOMMENDED by the appliance manufacturer may cause injuries.
- **NEVER** use outlet below counter. 8.
- **NEVER** use with an extension cord. A short power-supply 9. cord (or detachable power-supply cord) is provided to reduce the risk of becoming entangled in or tripping over a longer cord.
- **10. DO NOT** use the appliance outdoors.

- **11. DO NOT** operate if the cord or plug are damaged. If the appliance begins to malfunction during use, immediately unplug the cord from the power source. **DO NOT** USE OR ATTEMPT TO REPAIR A MALFUNCTIONING APPLIANCE. Contact Customer Service for assistance (see the back of the manual for contact information).
- **12. UNPLUG** the appliance from the outlet when not in use and before cleaning. Allow the appliance to cool before attaching or removing parts.
- **13. NEVER** immerse housing in water. If the appliance falls or accidentally becomes immersed in water, unplug from the wall outlet immediately. Do not reach into liquid if the appliance is plugged in and immersed. Do not immerse or rinse cords or plugs in water or other liquids.
- **14.** The appliance's outer surfaces may become hot during use. Wear oven mitts when handling hot surfaces and components.
- **15.** When cooking, **DO NOT** place the appliance against a wall or against other appliances. Leave at least 5 in. free space on the top, back, and sides and above the appliance. **DO NOT** place anything on top of the appliance.
- **16. DO NOT** place the appliance on stove top surfaces.
- **17.** This appliance is intended for normal household use only. It is **NOT INTENDED** for use in commercial or retail environments. If the appliance is used improperly or for professional or semiprofessional purposes or if it is not used according to the instructions in the user manual, the guarantee becomes invalid and Tristar will not be held liable for damages.
- **18. ALWAYS** unplug the appliance after use.
- 19. EXTREME CAUTION must be used when moving an appliance containing hot oil or other hot liquids.
- **20. USE EXTREME CAUTION** when removing trays or disposing of hot grease.
- 21. DO NOT clean with metal scouring pads. Pieces can break off the pad and touch electrical parts, creating a risk of electric shock. Use non-metallic scrub pads
- 22. Oversize foods or metal utensils **MUST NOT** be inserted in the appliance as they may create a fire or risk of electric shock.
- 23. EXTREME CAUTION should be exercised when using containers constructed of material other than metal or glass.
- 24. DO NOT store any materials, other than manufacturerrecommended accessories, in this appliance when not in use.
- **25. DO NOT** place any of the following materials in the appliance: paper, cardboard, plastic.
- **26. DO NOT** cover the Drip Tray or any part of the appliance with metal foil (except when our recipe instructs to wrap the Crisper Tray/Pizza Rack with foil). This will cause overheating of the appliance.

IMPORTANT SAFEGUARDS

27. Before using your new appliance on any countertop surface, check with your countertop manufacturer or installer for recommendations about using appliances on our surfaces. Some manufacturers and installers may recommend protecting your surface by placing a hot pad or trivet under the appliance for heat protection. Your manufacturer or installer may recommend that hot pans, pots or electrical appliances should not be used directly on top of the countertop. If you are unsure, place a wood, silicone, or other heat-resistant cutting board under the appliance before using it.

- **NEVER** put anything on top of the appliance.
- **NEVER** cover the air vents on the top, back, and side of the cooking appliance.
- **ALWAYS** use oven mitts when removing anything hot from the appliance.
- **NEVER** rest anything on the door while it is open.

CAUTION: Attaching the Power Cord

- A short power-supply cord is provided to reduce the risk of becoming entangled or tripping over a longer cord.
- Do not use an extension cord with this product.
- Plug the power cord into a 2-prong wall outlet with no other appliances on the same outlet. Plugging other appliances into the outlet will cause the circuit to overload.
- This model is designed for use with a 2-prong grounded 120V dedicated electrical outlet only. **Do not use** with any other electrical outlet or modify the plug.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this

IMPORTANT

• Before initial use, hand wash the cooking accessories. Then, wipe the outside and inside of the appliance with a warm, moist cloth and mild detergent. Next, preheat the appliance for a few minutes to burn off any residue. Finally, wipe the appliance out with a wet cloth. CAUTION: Upon first use, the appliance may smoke or emit a burning odor due to oils used to coat and preserve the heating elements.

SAVE THESE INSTRUCTIONS – FOR HOUSEHOLD USE ONLY

28. Please do not place your appliance on a hot cooktop because it could cause a fire, damaging the appliance, your cooktop, or your home.

WARNING:

For California Residents

This product can expose you to Bisphenol A, which is known to the State of California to cause birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

- **DO NOT** leave the door open for an extended period.
- ALWAYS ensure that nothing is protruding from the appliance before closing the door.
- ALWAYS close the door gently; NEVER slam the door closed. ALWAYS hold the handle of the door when opening and closing the door.

plug is intended to fit into a polarized outlet only one way.

If it still does not fit, contact a qualified electrician. Do not

attempt to modify the plug in any way. To disconnect, turn

any control to off and then remove the plug from the wall.

If the plug does not fit fully into the outlet, reverse the plug.

Electric Power

If the electrical circuit is overloaded with other appliances, your new appliancemay not operate properly. It should be operated on a dedicated electrical circuit.

• The appliance must be operated with the Drip Trav in

- place, and any food or grease must be removed from the Drip Tray if the Drip Tray becomes more than half full. Never operate your appliance with the door open.
 - Never put the Baking Pan (or any other accessory) directly on the top of the lower heating elements.

Parts & Accessories

Parts & Accessories

- 1. MAIN UNIT: Features sturdy stainless steel construction throughout. Cleans easily with a dam sponge or cloth and a mild detergent. Avoid harsh abrasive cleaners. **NEVER** submerge this appliand in water or liquids of any kind.
- 2. **DOOR HANDLE:** Always use the handle and avoid touching the Glass Door. The door may become very hot during the cooking process and can cause injury.
- 3. CONTROL PANEL: Contains the Control Buttons and Knobs (see The Control Panel, p. 8).
- 4. GLASS DOOR: Sturdy, durable tempered glass keeps heat in and helps ensure even heat distribution to food. NEVER cook with this door in the open position.
- 5. **DRIP TRAY:** Place in the bottom of the appliance just **below** the heating elements. Never use this appliance without the Drip Tray. The Drip Tray may become full when cooking juicy foods. When the Drip Tray becomes more than half full, empty it.

Adjustable Tray Positions

The Crisper Tray, Pizza Rack, and Grill Plate can be inserted into any of the three positions between the heating elements in the appliance.

IMPORTANT: The Drip Tray must be kept below the heating elements in the appliance at all times when cooking food.

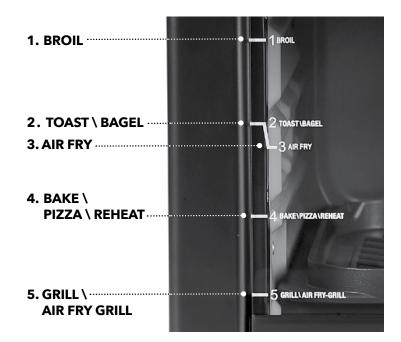

The metal components of this appliance will get extremely hot during use. Great care should be taken to avoid personal injury. Wear protective oven mitts or gloves.

6 PowerXL Air Fryer Grill Plus™

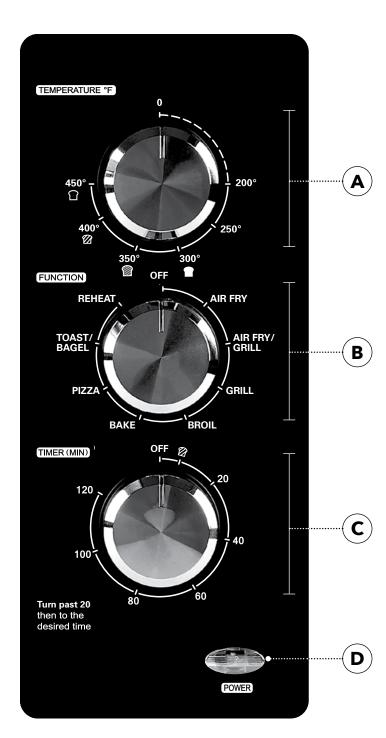

| I | р | |
|---|----|--|
| ł | ٦, | |
| C | e | |

To empty the Drip Tray while cooking: While wearing oven mitts, open the door and slowly slide the Drip Tray out of the appliance. Empty the Drip Tray and return it to the appliance. Close the door to finish the cooking cycle.

- 6. PIZZA RACK: Use for toasting breads, bagels, and pizzas; baking; grilling; and roasting.
- 7. CRISPER TRAY: Use for cooking oil-free fried foods and broiling. Quantity may vary.
- 8. **BAKING PAN:** Use for baking and reheating various foods. Deeper oven-safe pans and dishes may be used in the appliance. **CAUTION:** When baking or cooking with baking pans and dishes, always place them on a rack. Never cook anything directly on the heating elements.
- 9. GRILL PLATE: Use for grilling steaks, burgers, veggies, and more.

The Control Panel

- A. TEMPERATURE/DARKNESS CONTROL KNOB: Use to set the desired cooking temperature. Temperature control range: 200° F-450° F.
- B. FUNCTION KNOB: Use to set a cooking function. Different cooking functions activate the air frying fan and different heating elements (see Cooking Function Information, p. 12). A cooking function must be set in order for the cooking process to begin.
- **C. TIME CONTROL KNOB:** Use to set the desired cooking time. Time control range: 1-120 minutes.

The above marking appears near the Time Control Knob on the Control Panel. The marking indicates that when setting a cooking time less than 20 minutes, first set the cooking time to 20 minutes. Then, turn the Time Control Knob to the desired cooking time.

TO TOAST:

- **1.** Use the Temperature/Darkness Control Knob to select your desired darkness.
- - Light
- - Medium
- \square - Medium-Dark
- \square - Dark
- 2. Select Toast/Bagel on the Function Knob.
- 3. Turn the Time Control Knob past the 20-minute mark and then back to the toast icon. functions.

The timer will sound when the cooking process is complete.

D. POWER LIGHT: When a cooking mode and the timer have been set, the light will turn on. Once the timer has expired, the light will turn off.

Using the Accessories

Using the Pizza Rack

- **1.** Insert the Drip Tray below the bottom heating elements (at the very bottom of the appliance [see Fig. i]).
- 2. Use the markings on the door to choose the shelf position recommended for your recipe. Insert the Pizza Rack into the desired slot (see Fig. ii) and then place your food on the Pizza Rack.

Using the Baking Pan

- **1.** Insert the Drip Tray below the bottom heating elements (at the very bottom of the appliance [see Fig. i]).
- 2. Use the markings on the door to choose the shelf position recommended for your recipe. Insert the Pizza Rack into the desired slot (see Fig. ii).
- **3.** Place your food on the Baking Pan. Then, place the Baking Pan on the Pizza Rack (see Fig. iii).

Using the Accessories

Using the Crisper Tray

- **1.** Insert the Drip Tray below the bottom heating elements (at the very bottom of the appliance [see Fig. i]).
- 2. Use the markings on the door to choose the shelf position recommend for your recipe. Place food on the Crisper Tray and insert the Tray into the desired slot (see Fig. iv).

NOTE: When using the Crisper Tray or Pizza Rack to cook food with a higher moisture content, use the Baking Pan below the Tray or Rack to catch any dripping juices.

Using the Accessories

Using the Grill Plate

- **1.** Insert the Drip Tray below the bottom heating elements (at the very bottom of the appliance [see Fig. i]).
- **2.** Place food on the Grill Plate and insert the Plate into Shelf Position 5 (see Fig. v). **NOTE:** To prevent spillage, never let grease or oil build up while cooking. It is recommended to drain the the grease or oil in a container so the Grill Plate does not overfill.

Accessory Capacities

| Accessory | Function | Capacity |
|---------------------|----------|-----------------|
| Pizza Rack | Varies | 12 lb. (5443 g) |
| Crisper Tray | Air Fry | 10 lb. (4536 g) |
| Grill Plate | Grill | 6 4-oz. burgers |

Cooking Function Information

Internal **Temperature Meat Chart**

Use this chart and a food thermometer to ensure that meat, poultry, seafood, and other cooked foods reach a safe minimum internal temperature.

*For maximum food safety, the U.S. Department of Agriculture recommends 165° F for all poultry; 160° F for ground beef, lamb, and pork; and 145° F, with a 3-minute resting period, for all other types of beef, lamb, and pork. Also review the USDA Food Safety Standards.

| Food | Туре | Internal Temp.* | |
|------------------|---------------------------------|-----------------|--|
| | Ground | 140° F (70° C) | |
| Beef & Veal | Steaks, roasts: medium | 145° F (70° C) | |
| | Steaks, roasts: medium rare | 135° F (57° C) | |
| | Breasts | 165° F (75° C) | |
| Chicken & Turkey | Ground, stuffed | 165° F (75° C) | |
| | Whole bird, legs, thighs, wings | 165° F (75° C) | |
| Fish & Shellfish | Any type | 145° F (63° C) | |
| | Ground | 160° F (70° C) | |
| Lamb | Steaks, roasts: medium | 140° F (70° C) | |
| | Steaks, roasts: rare | 130° F (55° C) | |
| Pork | Chops, ground, ribs, roasts | 160° F (70° C) | |
| FUIK | Fully cooked ham | 140° F (60° C) | |

Tips

- Foods that are smaller in size usually require a slightly shorter cooking time than larger ones.
- Large sizes or quantities of food may require a • longer cooking time than smaller sizes or quantities.
- Flipping or turning food halfway through the cooking process ensures that the food is evenly cooked.
- Adding a bit of vegetable oil to fresh potatoes ٠ is suggested for a crispier result. When adding oil, do so just before cooking and add only a small amount onto the potato.

- Snacks normally cooked in an oven can also be cooked in the PowerXL Air Fryer Grill Plus.
- Use premade dough to prepare filled snacks quickly and easily. Premade dough also requires a shorter cooking time than homemade dough.
- A baking tin or oven dish can be placed on the rack inside the PowerXL AirFryer Grill Plus when cooking foods such as cakes or quiches. Using a tin or dish is also recommended when cooking fragile or filled foods.

Instructions for Use

Before First Use

- 1. Read all material, warning stickers, and labels.
- 2. Remove all packing materials, labels, and stickers.
- 3. Hand-washing is recommended. Wash all parts and accessories used in the cooking process with warm, soapy water.

Instructions

- **1.** Place the appliance on a stable, level, horizontal, and heat-resistant surface. Ensure that the applian is used in an area with good air circulation and awa from hot surfaces, other objects or appliances and combustible materials.
- 2. Ensure that the appliance is plugged into a dedica power outlet.
- **3.** Insert the Drip Tray below the bottom heating elements (at the very bottom of the appliance).
- **4.** Select the cooking accessory for your recipe.
- 5. Place food to be cooked in appliance and close the door.
- 6. Use the Function Knob to select a cooking function
- 7. Use the Temperature/Darkness Control Knob to se cooking temperature.
- 8. Use the Time Control Knob to set the cooking time When setting a cooking time less than 20 minutes first set the cooking time to 20 minutes. Then, turn the Time Control Knob to the desired

Frequently Asked Questions

1. Does the appliance need time to heat up? Preheating is needed when you are cooking from a cold start. Add 3 minutes to the cooking time to compensate when preheating is necessary.

2. Is it possible to shut off the appliance at any time?

To turn off the appliance, turn the Temperature/ Darkness Control Knob, Function Knob, and Time Control Knob to "OFF" to stop the cooking cycle. When the Power Light has darkened, unplug the appliance.

3. Can I check the food during the cooking process?

You can check the cooking process at any time by looking through the glass door.

4. What happens if the appliance still does not work after I have tried all the troubleshooting suggestions?

Never attempt home repair. Contact the marketer and follow the procedures set forth by the manual. Failure to do so could render your guarantee null and void.

5. Why is the grill not working? Set the cooking temperature to 450° F. Set the Function Knob to Air Fry/Grill or Grill. Set the cooking time by turning the Timer Dial past the 20-minute mark and then to the desired cooking time.

90-Day Money-Back Guarantee

The PowerXL Air Fryer Grill Plus is covered by a 90-day money-back guarantee. If you are not 100% satisfied with your product, return the product and request a replacement product or refund. Proof of purchase is required. Refunds will include the purchase price, less processing and handling. Follow the instructions in the Return Policy below to request a replacement or refund.

Replacement Guarantee Policy

Our products, when purchased from an authorized retailer, include a 1-year replacement guarantee if your product or component part does not perform as expected, the guarantee extends only to the original purchaser and is not transferable. If you experience an issue with one of our products within 1 year of purchase, return the product or the component part for replacement with a functionally equivalent new product or part. The original proof of purchase is required, and you are responsible to pay to return the unit to us. In the event a replacement unit is issued, the guarantee coverage ends six (6) months following the receipt date of the replacement unit or the remainder of the existing guarantee, whichever is later. Tristar reserves the right to replace the unit with one of equal or greater value.

Return Policy

To receive a refund or replacement under the money-back guarantee, you must return the product to us at your expense. To return the product, call customer service at 1-973-287-5126 or email info@tvcustomerinfo.com and request a return merchandise authorization number. Pack the product carefully and include in the package a note with (1) your name, (2) mailing address, (3) phone number, (4) email address, (5) reason for return, and (6) proof of purchase or order number, and (7) specify on the note whether you are requesting a refund or replacement. Write the return merchandise authorization number on the outside of the package.

Send the product to the following return address:

PowerXL Air Fryer Grill Plus Tristar Products 500 Returns Road Wallingford, CT 06495

If the replacement or refund request has not been acknowledged after two weeks, please contact Customer Service at 973-287-5126.

Refund

Refunds requested within the money-back guarantee timeframe will be issued to the payment method used at purchase if the item was purchased directly from Tristar. If the item was purchased from an authorized retailer, proof of purchase is required, and a check will be issued for the item and sales tax amount. Processing and handling fees are non-refundable.
