Product Overview

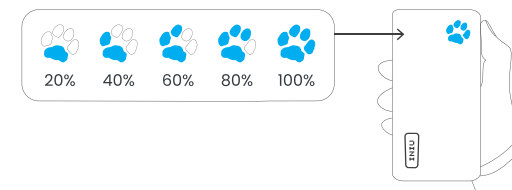

Specifications

Capacity	10000mAh / 37Wh
Input	USB-C: 5V=3A (Max)
Output	USB-A: 5V=3A (Max)
	USB-C: 5V=3A (Max)
Size	5.2*2.7*0.5in / 133*70*14mm
Weight	7.0oz / 198g

Check the Power Level

Press the power button once to check the power level.

Charge Your Phone

- Connect the bank to your device using a right USB cable, and it will start charging automatically. If not, press the power button to restart the bank.
- When charging, the last light of battery indicator will blink.
Note: QC / PD / AFC fast charging protocols not supported.
- The power bank will turn off automatically when not connected with a device for 35s.

Recharge Your Power Bank

- Connect the bank and an adapter with a USB C cable to start charging. For the best performance, a 5V/2A adapter is recommended.
- When recharging, the bank will consecutively flashing the lights of the battery indicator until five solid lights are displayed.

Turn on / off the LED Light

- Press the power button twice rapidly to turn on/off the LED light.

FAQ

- Q: How many times can the Power Bank fully charge my phone?
- A: Three factors are involved: Power Conversion Rate(PCR) while charging, Boost Converter Rate(BCR) of the bank and the phone capacity.
- Built-in PCBA board meets the standard PCR of 92%.
 - The board will boost the voltage from 3.7V to 5V when charging a phone (BCR=74%).
- So Charging times= Power Bank capacity*PCR*BCR/phone capacity:
- iPhone 8: 10000mAh * 92% * 74% / 1821mAh = 3.7 times
 - Samsung S10: 10000mAh * 92% * 74% / 3100mAh = 2.2 times

- Q: Can I quick charge my iPhone 11 Pro in PD mode via the USB C port?
- A: INIU 3A(max) outputs can meet the highest-possible speed that your devices need, but not support QC or PD quick charge protocol. It will charge your phone at regular max speed, but not at PD speed.

- Q: Do I need to drain the battery when using it for the first time?
- A: No. You can recharge or discharge the bank whenever you need. You can drain the battery then fully recharge it to calibrate the battery regularly.

Attentions

- To preserve the battery lifespan, use and recharge the power bank at least once every 6 months.
- Do not drop, open, disassemble, crush.
- Keep away from heat sources or liquids.

Warranty

INIU is an innovative accessory brand, which is committed to creating products and services that give customers the best satisfaction. At INIU, we use only the highest-quality materials, giving us the confidence to provide an industry leading 3-year replacement promise for each item.

- ✓ 30-day money back guarantee
- ✓ Industry-leading 3-year warranty
- ✓ Lifetime technical support
