How to Use

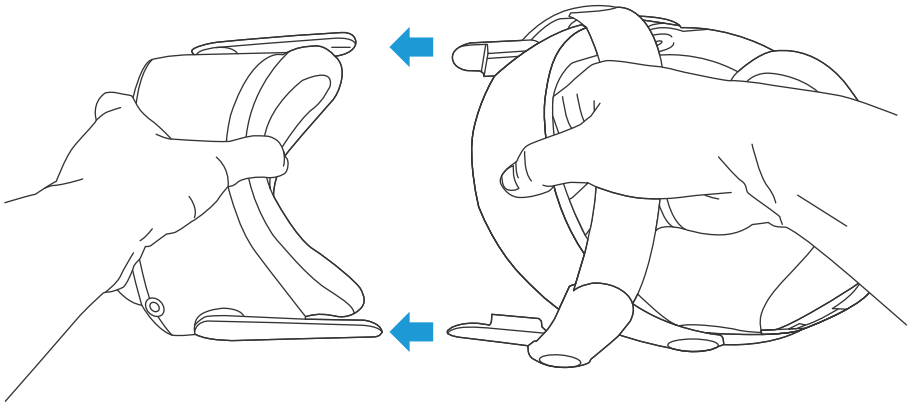

Carrying Case

1. Place the controllers in their custom slots and use the velcro strap to secure them in place.
2. Place the VR headset with the head strap into the slot as shown below.

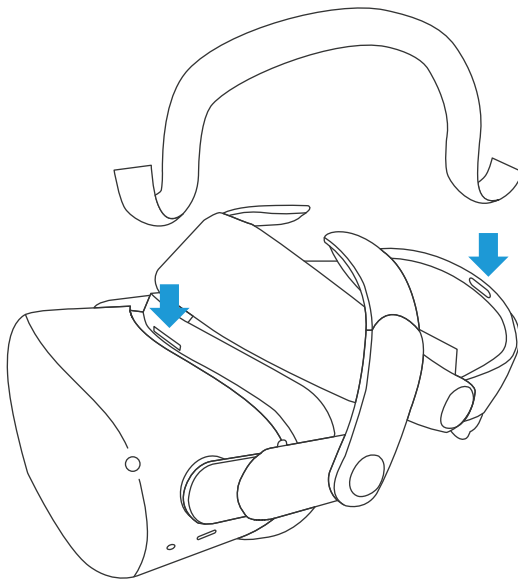

Pro Head Strap

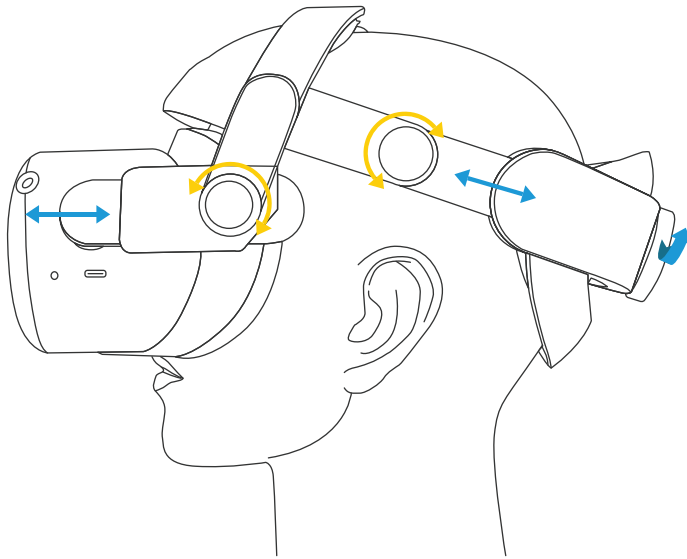

1. Remove the original head strap.
2. Connect the new head strap by inserting the contacts on the sides.

3. Attach the velcro strap to the top of the head strap and headset (optional).

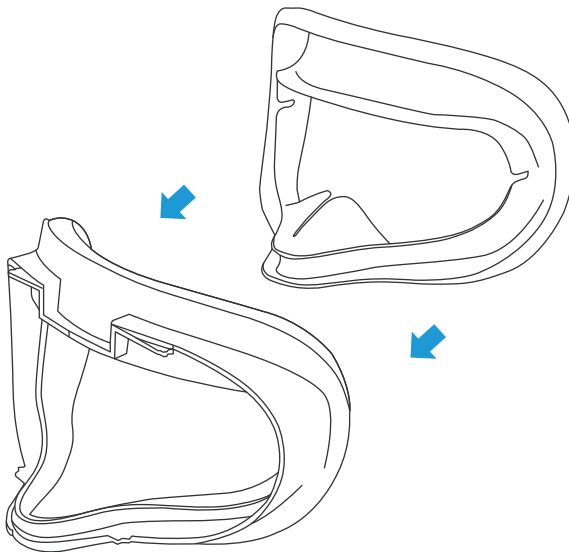

4. Place on your head and adjust to your preferred position. Tighten the head strap by turning the back knob clockwise.

Face Pad Cover

1. Line up the cover with the facial interface and press it in.
