

MEET YOUR ECHO SHOW 8

BACK

Also included: Power adapter

SET UP YOUR ECHO SHOW 8

1. Have your wifi and Amazon passwords ready

Prepare to connect to your wifi and sign in to your Amazon account. Create a new account if you don't have one.

2. Plug Echo Show 8 into a power outlet

Use the included power adapter. In about a minute, the display will turn on and Alexa will greet you.

3. Scan the QR code on the screen

Using your phone, scan the QR code to open or download the Alexa app. Or continue on the device.

4. Complete setup

Follow the instructions in the Alexa app or on your Echo Show 8 to complete setup.

Set up compatible smart home devices

You can easily connect and control compatible devices with the built-in smart home hub.

To get started, open the Alexa app to add your device, or say, "Alexa, discover my devices."

Some features may require customization in the Alexa app, a separate subscription, or an additional compatible smart home device.

PRIVACY AND SUPPORT

Privacy controls

Disable the microphones and camera by pressing the microphones & camera enable/disable button.

To disable only the camera, visit Device Settings on the device screen or in the Alexa app.

See when Alexa is recording and sending your request to Amazon's secure cloud via a blue indicator light.

Manage your voice history

You can view, hear, and delete the voice recordings associated with your account in the Alexa app at any time.

Customer support

For help and troubleshooting, go to Help & Feedback in the Alexa app, or visit amazon.com/devicesupport.

"Alexa, set a timer for 10 minutes."

You have control over your Alexa experience
