SAFETY INSTRUCTIONS

1. Place clothes on a flat surface to avoid damage.
2. Avoid pressing the machine firmly during use to prevent damaging clothes.
3. Do not use the machine on the clothes you are wearing.
4. Do not use the machine for shaving hair, beards, or removing lint from socks, silk, etc.
5. Ensure the appliance is dry, do not wash it and do not get it wet.
6. Supervise children to prevent them from playing with the appliance.
7. Cleaning and maintenance should not be performed by children.
8. Keep the appliance out of reach of children.
9. Ensure that you dispose of the battery properly by taking it to a professional disposal service to protect the environment.

CHARGING INSTRUCTIONS

- Use the provided USB cable to connect the device to a 5V power source (refer to figure 1 for guidance).

Charging Indicators:

- A steady red light indicates that the device is currently charging.
- A steady green light indicates that the device is fully charged and ready for use.
- A steady green light also shows that the device is in use.
- A flashing green light indicates that the device is running low on power.

Battery Life:

- A full charge allows for approximately 45 minutes of operation.

Voltage Warning:

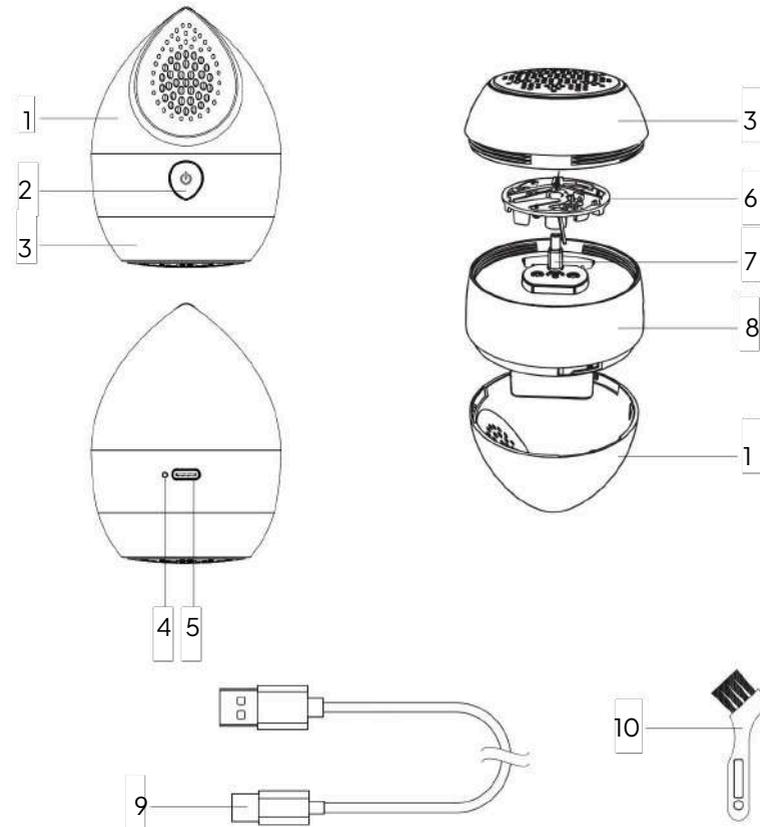

- Do not use an adapter with an output voltage higher than 5V, as this could damage the device's PCB.

Post-Charge Maintenance:

- Disconnect the power once the device is fully charged to extend its lifespan.

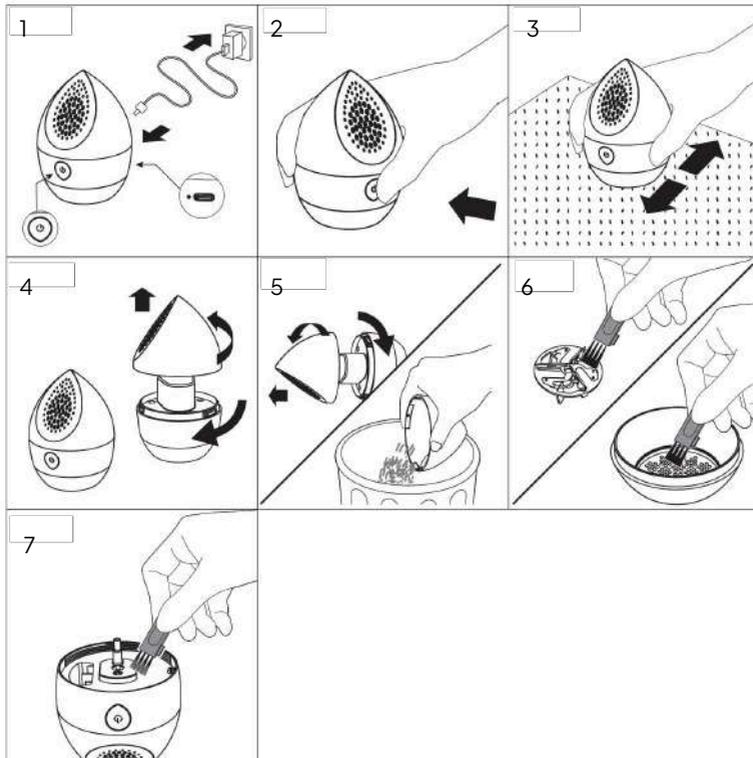

YOUR FABRIC SHAVER

- | | |
|------------------------|----------------------|
| 1. Lint Container | 6. Blade |
| 2. On/Off Button | 7. Motor Gears |
| 3. Mesh | 8. Motor Base |
| 4. LED Light Indicator | 9. USB Charging Lead |
| 5. USB Charging Socket | 10. Cleaning Brush |

HOW TO OPERATE

1. Fully charge the fabric shaver before first use.
2. Press the on/off button to start operation
3. Lay fabrics on a flat surface. Shave the fabric by moving the fabric shaver across the material.
4. Inspect the contents of the lint container after use.
5. Once the lint container is 80% full, please dispose.
6. Use the brush to clean the blade and fabric shaver metal plate. Here you can change the blade if necessary.
7. Clean the remaining parts of the fabric shaver.
