4.0 TOZO app

Download the TOZO App for EQ settings and more.
• EQ settings: There're lots of EQ settings you can choose in the App to optimize your experience while enjoying different music genres.
• Headphones firmware update: The earbuds firmware can be updated in the App. You will be informed once the new version of firmware is detected when you connect the headphones with the App.

5.0 TOZO app pairing

Step 1:
TOZO APP can be downloaded from the TOZO website and Google Play and Apple APP Store.

Step2:
Bluetooth pairing with your headphones.

Step 3:
Open the TOZO APP and pairing with your HA1.

6.0 Bluetooth multipoint feature

Step 1:
Connect headset to Device A then turn off its Bluetooth function and the headset will auto turn connectable (LED blinks red and white, please don't turn off the headphones).

Device A

Step 2:
Turn on the Bluetooth on your Device B. Search for the "TOZO HA1" and connect the headphones to the second mobile phone.

Device A   Device B

Step 3:
Turn on the Bluetooth on the Device A. Click on the connection record for the headphones to achieve a simultaneous connection of the headphones with two devices.

Device A   Device B

7.0 LED

Connected: LED white light always on
BASS mode: LED glows solid white

Charging: LED glows solid red
Top-up: The red light turns to white and stays on for 5 seconds, then turns off
