<p style="text-align: center;">Contact Sensor</p> <p style="text-align: center;">User Manual</p>	<p>I. Introduction</p> <p>The door/window sensor detects the opening or closing of doors /Windows, combined with other equipment to achieve intelligent application scenes.</p> <p>Make sure the door magnetic widget is on the side of the alignment sign.</p> <p>II. Specification</p> <table border="1"> <tr> <td>Name</td> <td>Contact Sensor</td> </tr> <tr> <td>Model</td> <td>JMW205</td> </tr> <tr> <td>Battery Type</td> <td>CR2032</td> </tr> <tr> <td>Working Temperature</td> <td>-30°C~+55°C</td> </tr> <tr> <td>Working Humidity</td> <td>10%-90%RH (No Condensation)</td> </tr> <tr> <td>Wireless Connection</td> <td>Zigbee 3.0</td> </tr> </table>	Name	Contact Sensor	Model	JMW205	Battery Type	CR2032	Working Temperature	-30°C~+55°C	Working Humidity	10%-90%RH (No Condensation)	Wireless Connection	Zigbee 3.0	<p>III. Connect Preparation</p> <p>Connect your phone to WiFi — Smart Phone — WiFi/Wireless Router — Smart Host LAN Interface LAN Interface</p> <ul style="list-style-type: none"> Ensure that the product is within effective coverage of the smart host(Gateway) Zigbee network to ensure that the product is effectively connected to the smart host(Gateway) Zigbee network. Make sure the gateway is added. 	<p>IV. Download theTreatLife APP</p>  <p>Please scan the QR code or search "Treatlife" on the Apple APP Store/Google Play to download the APP. 1. Registration or Log In 2. Download the TreatLife Application. • Enter the Register/Login Interface Tap "Register" to create an account by entering your Email Address to get verification code and "Set password". Choose "Log in" if you already have a TreatLife account.</p>
Name	Contact Sensor														
Model	JMW205														
Battery Type	CR2032														
Working Temperature	-30°C~+55°C														
Working Humidity	10%-90%RH (No Condensation)														
Wireless Connection	Zigbee 3.0														

<p>V. Network Settings</p> <ol style="list-style-type: none"> Power the device on and ensure that the mobile phone has been connected to the network and has successfully added the smart gateway. Open the Treatlife app, on the "smart Hub" page, click "Add subdevice" button and select "Contact Sensor" on the "Select Device Type" page. Using the reset needle, press and hold reset button for more than 5s until the network indicator flashes. Add the device according to the APP instructions. Once added, you can find the device in "My Home" list. 	<p>VI. Packing List</p> <ul style="list-style-type: none"> Door/Window Sensor *1 Back Gum Paste *1 Battery *1 Reset Needle *1 Product user manual *1 <p>Please read the user manual carefully before using the product.</p>	<p>FCC Caution: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates noise and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.</p>	<p>ISED Warning: This device complies with Innovation, Science, and Economic Development Canada's licence-exempt RSS standards. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique qu'il subir et le brouillage est susceptible d'en compromettre le fonctionnement. The device is compliance with RF exposure guidelines, users can obtain Canadian information on RF exposure and compliance. The minimum distance from body to use the device is 20cm. Le présent appareil est conforme Après examen de ce matériel est conforme au aux limites d'exposition aux radiofréquences et la conformité et compliance d'acquies les informations correspondantes. La distance minimale du corps à utiliser le dispositif est de 20cm.</p>
